

Providing Quality Service when you need it for Over 20 Years.

## Sanibel Air Conditioning

1213 Periwinkle Way, Suite A  
Sanibel, Florida 33957

### What's in a Safety & Efficiency Agreement?

Sanibel Air Conditioning will provide a qualified service technician to perform a thorough Safety & Efficiency inspection on your cooling/heating system. This semi-annual check will include:

- |  |                                    |
|--|------------------------------------|
| A. Filter cleaning/replacement of standard filters | F. Inspect inside & outside units  |
| B. Check A/C electrical system                     | G. Check pressures & temperatures  |
| C. Clear condensate lines                          | H. Lubricate motors                |
| D. Clean and calibrate controls                    | I. Estimate operational efficiency |
| E. Check refrigerant charge                        | J. Check system safety features    |

#### Additional benefits of your service agreement:

- You will receive a 15% discount on repair work
- You will no longer have to worry about routine maintenance
- You will be contacted every 6 months to schedule your next service check (Please provide an email address)
- You are given priority service over non-service agreement customers
- You will have a peace of mind that your comfort system is operating at peak performance
- You will experience fewer breakdowns

If a repair is required, you will be given an estimate and repair will only be performed after authorization is given. This is an annual agreement and may be cancelled at any time by either party. Return of premium will be based upon 90% of unearned premium less any claims for service rendered

#### Annual Cost:

- \$159 (1 system) • \$289 (2 systems) • \$399 (3 systems) • \$499 (4 systems)
- 5 systems or more, please call

\*Note: The number of systems can usually be determined by counting the number of thermostats

Call (239) 395 - COOL (2665) to sign up for a service agreement!!
